RE: Support for AB 1764 (Carrillo) – Compensation for Survivors of Forced or Involuntary Sterilization Act

Dear Chairman Jones-Sawyer:

The Hollywood Chapter of the National Organization for Women (Hollywood NOW) supports AB 1764, a bill that would provide monetary compensation to surviving individuals who were forcibly sterilized pursuant to California's eugenics law from 1909–1979 or who were subjected to coerced or involuntary sterilizations in women's state prisons after 1979. The sterilizations disproportionately affected people with disabilities, women, and Latinas/os. This bill serves as a vital first step to materially acknowledge the discriminatory harms inflicted on a large number of Californians and to prevent eugenic sterilization of vulnerable populations into the future.

Between 1909 and 1979, California was the most aggressive eugenics sterilizer in the nation, sterilizing 20,000 of 60,000 people nationally. The law explicitly targeted people with disabilities and others who state institutions, in their broad discretion, deemed unfit to reproduce. Although this law was repealed in 1979, a subsequent state audit revealed that an additional 144 women were sterilized during labor and delivery without required consents and authorization in California's women's prisons between 2006 and 2010. Research also indicates that there may be an additional 100 involuntary prison sterilizations dating back to the late 1990s.

With AB 1764, California will become the third state to compensate survivors of forced sterilizations under eugenics laws, following North Carolina (2013) and Virginia (2015). And it will become the first state to compensate survivors of involuntary sterilizations in prison performed outside of formal eugenic laws.

Hollywood NOW is a membership organization committed to institutionalizing intersectional gender equity. Our work transgresses over social boundaries and walls built to imprint, reinforce and protect implicit stereotype biases that damage all of us. As a progressive, intersectional feminist organization we advocate for solutions that recognize that individuals face multiple intersecting discriminations/privileges based on

race, sex, gender, sexuality and other statuses. We stand to work to eliminate institutional privilege, discrimination, and bias.

AB 1764 plays an important role in advancing disability justice and reproductive justice. It recognizes the human right of each individual to control their reproductive capacity without state interference. It affirms that all people should be treated with respect and dignity regarding their lives and reproduction, including those who have historically been disenfranchised: disabled people, women, people of color, LGBTQ people, people with felony records, and poor people. For these reasons, Hollywood NOW is proud to support AB 1764.

Sincerely,

Sincerely,

John Erickson
President
Hollywood NOW
